**Comprehension****Read the following passage and answer the questions given below it:-**

If we wish to do with war, we must provide for the settlement of national differences by an international court. This court should be in perpetual session; its members should be selected by the various Governments to be affected by its decisions, and, at the command and disposal of this court, the rest of Christendom being disarmed, there should be a military force sufficient to carry its judgement into effect. There should be no other excuse, no other business for an army or a navy in the civilized world. No man has imagination enough to paint the agonies, the horrors, and cruelties of war. Think of sending shot and shell crashing through the bodies of men!

**Read the following passage and answer the questions given below it:-**

Through all the years those who ploughed divided with those who prayed. Wicked industry supported pious idleness, the hut gave to the cathedral, and frightened poverty gave even its rags to buy a robe for hypocrisy. Fear is the dungeon of the mind, and superstition is a dagger with which hypocrisy assassinates the soul. Courage is liberty. I am in favour of absolute freedom of thought. In the realm of mind everyone is monarch; everyone is robbed, sceptre, and crowned, and everyone wears the purple of authority. I belong to the republic of intellectual liberty, and only those are good citizens of that republic who depend upon reason and upon persuasion, and only those are traitors who resort to brute force.

**Question Description**
