Comprehension

Read the passage carefully and answer the questions given below it.

A story tells that two friends were walking through the desert. During some point of the journey they had an argument, and one friend slapped the other one in the face. The one who got slapped was hurt, but without saying anything, wrote in the sand :
 “TODAY MY BEST FRIEND SLAPPED ME IN THE FACE.” They kept on walking until they found an oasis, where they decided to take a bath. The one who had been slapped got stuck in the mire and started drowning, but the friend saved him. After the friend recovered from the near drowning, he wrote on a stone : “TODAY MY BEST FRIEND SAVED MY LIFE.” The friend who had slapped and saved his best friend asked him, “After I hurt you, you wrote in the sand, and now, you write on a stone. Why ?”

The other friend replied : “When someone hurts us, we should write it down in sand where winds of forgiveness can erase it away. But, when someone does something good for us, we must engrave it in stone where no wind can ever erase it.”

Question Description

Why did the friend who got hurt write on the sand ?

A

Because he was very kind-hearted

B

Because he was too weak to take revenge

C

Because he knew that his feeling of hurt was temporary

D

Because he loved his friend too much

E

None of the above

Correct Answer

C

Comprehension

Directions: Read the following passage carefully and answer the questions given.

A powerful cyclonic storm named Fani (pronounced Foni) is headed towards the Odisha coast, with its landfall forecast near Puri Friday. Expected to **generate** storms with wind speeds as high as 200 km per hour, it has the potential to cause widespread damage in Odisha and neighbouring states. The last time such a powerful cyclonic storm had emerged in the Bay of Bengal at this time of the year, in 2008, it had killed more than 1.25 lakh people in Myanmar. But that was mainly because of the lack of a sophisticated warning system and enough logistical preparedness to evacuate people.

Fani, on the other hand, has been continuously monitored ever since it developed in the southeast of Sri Lanka about a week ago, warnings have been issued after every few hours to fishermen and people living in coastal regions, and a massive emergency **preparedness** has been mounted. In the last few years, India has impressively managed disasters caused by cyclones, most remarkably during Cyclone Phailin of 2013, which was even stronger than the approaching Fani.

The eastern coast of India is no stranger to cyclones. On an average, five to six significant cyclonic storms emerge in the Bay of Bengal region every year. The months of April and May just before the start of the monsoon, and then October to December immediately after the end of the monsoon, are the prime seasons for tropical cyclones.

Question Description

Which of the following is true with respect to the passage?

- I. Phailin was weaker than Fani.
- II. The disaster management failed to managed cyclones like Phailin.
- III. Fani has been continuously monitored since its beginning.

A Only I and II

B Only II

C Only III

D	Only II and III
E	None of the above
Correct Answer	C
