3

Question Description

The question is presented with three true statements: Fact 1, Fact2 and Fact 3. Then, you are given three more statements (labeled I, II and III), and you must determine which of these, if any, is also a fact.

Fact 1: Chairs cost between Rs. 200 to Rs. 2000.

Fact 2: Some chairs are made of aluminum.

Fact 3: Some chairs are made of plastic.

If the first three statements are facts, which of the following statements must also be a fact?

I. Aluminum chairs cost more than plastic chairs.

II. Expensive chairs last longer than cheap chairs.

III. Plastic chairs costs around Rs.200 and aluminum chairs costs around Rs.2000.

A

I only

B

II only

C

I and III only

Question Description

The ice on the front windshield of the car had formed when moisture condensed during the night. The ice melted quickly after the car was warmed up the next morning because the defrosting vent, which blows on the front windshield, was turned on full force.

Which of the following, if true, most seriously jeopardizes the validity of the explanation for the speed with which the ice melted?

A

The side windows had no ice condensation on them

B

Even though no attempt was made to defrost the back window, the ice there melted at the same rate as did the ice on the front windshield.

C

The speed at which ice on a window melts increases as the temperature of the air blown on the window increases

D

The warm air from the defrosting vent for the front windshield cools rapidly as it dissipates throughout the rest of the car.

Comprehension

Read the following passage and answer the questions below:

With the disappearance of a language, it is not only a human creation that dies, but also a form of expressing a relationship with nature, an oral tradition, poetry and ultimately a culture, thereby contributing to global impoverishment of humanity. It is for these reasons that states, regions, society and civil as well as cultural organizations are seeking to adopt measures conducive to the preservation of languages. These languages constitute a priceless heritage, playing a central role in the preservation of the identity of numerous communities threatened on some continents, as well as being indispensable factors in ensuring cultural diversity. A number of warnings by linguists and other social scientists as well as international organizations have come to underline with growing intensity the crucial factor of languages and mother tongues in the development of human creativity, of the capacity to communicate, and above all, its primary role in evolving cultural identities.

Question Description

From the context of the passage, the synonym of the word “invaluable” can be identified as -----.

A

enrichment

B

Comprehension

Read the following data and answer the question below:

In a game, "words" (meaningful or meaningless) consist of any combination of at least five letters of the English alphabets. A "sentence" consists of exactly six words and satisfies the following conditions: The six words are written from left to right on a single line in alphabetical order. The sentence can start with any word, and successive word is formed by applying exactly one of three operations to the preceding word: delete one letter; add a letter; replace a one letter with another. At the most three of the six words can begin with the same letter. Except for the first word, each word is formed by a different operation used for the preceding word.

Question Description

Which one of the following could be a sentence in the word game?

A

Bzaeakblaeklaeakpaeakpaea paeap

B

Crobekcroekcroeksoeeksoeeksoeek

C

Doteamgoleamgoleanoleanomeanoman

D

Feted fretedretedsetedsetegaseteg

Comprehension

Read the following passage and answer the questions:

Six friends L, M, N, O, P and Q work in three different cities namely Chennai, Pune and Nashik. (Not more than two in a single city.) Each of them has a different profession i.e. Banker, Software Engineer, Lawyer, Lecturer, Doctor and Psychologist, but not necessarily in the same order.

O works in Chennai and is not a lecturer. M is a banker by profession and works in Pune with only Q, who is a software engineer by profession. N works in Nashik and is not a lawyer by profession. P is a doctor and does not work in Chennai. The only other person who works in Chennai is a lecturer by profession.

Question Description

Which of the following is true for L?

A

L is a lecturer by profession.

B

L works in the same place as N.

C

L is neither a lecturer nor a lawyer.

D

L works in Pune.
